

Michela Prisco

My name is Michela Prisco. I will be attending my last year of high school at North Reading High School this fall. I have lived in North Reading for most of my life and have attended elementary, middle, and high school classes.

During my high school career I have taken part in many extra-curricular activities such as the drama program Masques at North Reading High along with the a cappella group Noteorious. Along with those two I have been a part of many other clubs outside of the arts. I have always loved working and interacting with children and have a lot of experience with them. This year I taught my own class at Saint Theresa's Parish for the second grade Religious Education Program.

My goal is to make sure the children have a blast and stay safe this summer. This will be my first year working at Kid Connection and I cannot describe how excited I am to be working here and making sure the children have an excellent summer!
